NORMALS IN LEAD

WIN OVER WESTMINSTER PUT THEM AT TOP OF COLUMN

A HAIR RAISING FINISH

With 20 Seconds to Play, and Bluejays Ahead, McMahon Makes Almost Impossible Shot From Center

After giving up the game as lost last night, when a scorer rushed upon the floor declaring the game at an end, with Westminster two points ahead, hope was revived in the hearts of Normal rooters by the announcement of the referee that there had been a mistake and that there was still a third of a minute to play. Faint as it was, there was a chance that the Bearcats might still win. A foul had been called on a Westminster player just before the mistake in time-keeping and the ball was put in play from the foul line.

McMahon made good on the free throw but consumed half the twenty seconds in doing it. The score was 31-30 in favor of Westmnister with ten seconds to play.

All that was necessary for Westminster to win the game was to get possession of the ball from tip-off and hold it for ten seconds. The game would then be automatically ended with Westminster in the lead.

Weidlich, Westminster center, got the tip, but the ball bounced off the shoulder of a Westminster forward and into the hands of McMahon, who dribbled to one side of the center ring and started the ball on its way to the basket. Pandemonium changed to a tense stillness as the ball seemed to float aimlessly on. It hit the backboard, rebounded in just the right way and swished through the net as the timer's whistle sounded. Score—Maryville 32; Westminster 31.

Close All the Way.

The amazing end was merely the climax to a game that was exceptionally close at all times. It was six minutes before Scott dropped in the first goal for Maryville, and four more before McGee sunk the first counter for Westminster. At that time the score stood 5-4 in favor of Westminster, three points having been made on free throws by Arthur of Westminster and two by McMahon.

Westminster increased their lead to five on two field goals by Arthur and Miller, but a free throw by McMahon and goals by McMahon and Scottt knotted the count at nine all. Arthur gain put Wesminster in the lead with a field goal and McMahon again tied it up for Maryville by the same route. A free throw by Arthur left Westminster leading 12-11 at the end of the half.

A field goal at the opening of the second half gave Westminster a three-point lead, which Miller and McMahon with two fouls and three field markers overcame with five points to spare. It looked like a Normal victory by a substantial margin, but the next five minutes again turned the tables, Westminster making 11 points to Maryville's 3.

Three field goals by Mac and Miller followed by one by Arthur and a free throw by McMahon left the score tied at 29-29, with one minute to play. Then came the goal that put Westminster in the lead and the great climax in which McMahon scored three points in twenty seconds. It will never happen again.

There is no doubt that the best team won. This is the first year of basket ball at Westminster and the team shows the effects of all foot ball and no basket ball. At one time in the first half it was necessary for the referee to stop the game and warn

DENTAL AID FOR DRAFT MEN

Nodaway County Dentists Will Assist Government In Sending Men to Camp Physically Fit

In response to request from the government asking their aid in seeing that men sent to training camps have needed dental attention, the dentist of Nodaway county will perform such service for any man who is called to the service from this date on without cost.

The call to the dental fraternity is due to the fact that there is a scarcity of practitioners in service at the various training camps — about one dentist for every 1,400 men—and it has been found impossible to give the attention required in many cases.

To remedy this condition local dentists wish it known that any man drafted for service and requiring dental attention of any kind can have it done before leaving home. If it is neglected until reaching camp, it is likely that much suffering and inconvenience may result.

As an aid to efficieny it is desired that all men reach camp in as good condition physically as possible, and in this the dentist will aid, treating teeth, making fillings and extractions and other work. Dentists in Maryville are: Dr. H. L. Stinson, Jesse Miller, D. J. Thomas, J. C. Allender, N. W. Templeton, E. A. Miller of Hopkins, Perry Hood of Parnell, G. C .Trusty of Burlington Junction.

FUNSTON FIVE HERE

MANY AT RECEPTION AT NORMAL THIS AFTERNOON

RECORD CROWD FOR GAME

But Few Tickets Remain Unsold With Indications That All Will Be Gone Before the Game Has Started

There are still a limited number of tickets to be had for the big game tonight between the Funston five and the Normal Bearcats, but the number is small and it is expected there will be none left when the doors to the Normal gym are opened. The limit has been set at 500 admissions, the proceeds all going to the Camp Funston atheletic fund.

The Funsten men were late in arriving today, the train being an hour late. After the luncheon at the Linville Hotel where they were served at a special table elaborately decorated with red, white and blue, they were driven to the Normal. As they entered the auditorium, which was filled almost to capacity, the audience of students and town people greeted them with "The Star Spangled Banner." President Richardson then introduced the members of the team. Two of their number spoke briefly of life at Camp Funston and gave some interesting incidents in connection with soldier training.

Following patriotic music by music classes of the Normal, the school sang "How Can I Bear to Leave Thee," and "Keep the Home Fires Burning." Then followed a reception in the corridors facing the auditorium, and from the manner in which the Funston players shook hands and laughed and talked they evidently enjoyed it. Many parents of enlisted men were there to greet them and ask questions, and the questions were numerous. The scene during the reception was in the nature of a gala event, as flags of many sizes were used in profusion, with the Normal's service flag occupying a prominent position. After the reception the boys went to the gym for a short practice and then to the hotel to rest up for tonight's game.

On their return trip tomorrow, Walter Hanson, athletic director at the Normal, will accompany them to St. Joseph where he has been chosen to referee the game there tomorrow night between th Olive streets and the Funston five.

SPEAKERS PROGRAM

FOOD REPRESENTATIVES WILL ADDRESS THREE MEETINGS

AFTERNOON AND NIGHT

Mr. Trefz Will Be Guest of Commercial Club Members, Mrs. Hale Being Entertained by Ladies Committee

Mrs. Beatrice Robertson Forbes Hale and Edward F. Trefz of the Hoover food commission to Europe, who will speak here next Friday, March 8, will be the guests at luncheon of members of the Commercial Club, and Mrs. Hale will be the guest of honor at a luncheon at the Bainum of the Woman's Conference, of which Miss Jessie Jarcher is chairman. These well known speakers come to Maryville under the auspices of the county food administration and to give first hand information as to conditions in the war stricken countries of Europe.

The first meeting will be held at 2 o'clock in the afternoon at the Normal and is especially for the folks from the country. Mrs. Hale and Mr. Trefz will both speak at this meeting.

At 3:15 o'clock Mrs. Hale will address the pupils of the public schools at a meeting in the high school auditorium. In the evening there will be a mass meeting at the Christian church, when both will speak again.

At the Normal, Miss Helen Zenor will have charge of patriotic music and at the Christian church in the evening Marcus T. Nielsen will direct a big chorus of singers.

As Mr. Trefz and Mrs. Hale are among the most prominent and best known speakers in the service of the government it is urged that as many Nodaway county people hear them as can. Mr. Trefz is a former Missourian, well known as a public speaker and writer, and with Mrs. Hale, one of the best known women in the United States, touring the country as representatives of the food administration, carrying a first hand recital of the food needs of our soldiers and Allies. Mr. Trefz will show illustrated pictures taken by himself of European scenes.

Concerning his address, the Kelamazoo Gazette of Kalamazoo, Mich., says as follows:

"It was a vivid, gripping, compelling message which Edward F. Trefz brought to his great audience at the armory last night from the battlefields of France and Flanders. With a master hand he painted for his hearers the things of life and death, of suffering, of glory, of sacrifice, which war had stamped upon his very soul. He had seen and he had understood; and he made the listening throng understand, as never before, the vastness of our task, the superlative heroism of our Allies, young and old, civilian and soldier, and the bestial barbarity of our common foe.

"He carried his listeners with him through the American training camps in France until they partook of the spirit of the brave boys, now nearly 500,000 strong, who are engaging more and more actively in the crusade against the Hun. Story after story, incident after incident fell swiftly from his lips until the whole atmosphere of the great gathering was permeated with the spirit of devotion, of determination and of readiness to sacrifice. Through the stricken villages of France, noting the barbaric handiwork of the invader, bringing home to all the magnificent spirit of the French, and then into the front line trenches he went. And at every step along the bloodstained path he drove home the truths which American hearts must know if they are to bravely meet the imperative demands of the present and the future."

CHINA-JAP ARMY TO RUSSIA

Chinese Newspapers Predict Two Nations Will Co-operate In Preventing German Coup In the Far East

Special to The Democrat-Forum.

London, March 1.—Both China and Japan may send troops into Siberia to prevent any German coup in the far east, according to Shanghai dispatches printed in the Morning Post today. According to this dispatch the Chinese newspapers predict China and Japan will co-operate and that China will send about four divisions of troops.

Washington, March 1. — Secretary Lansing conferred today with President Wilson, it is understood, on the Russian situation and suggested military developments in connection with it were under discussion. No word whatever as to what decision was reached was made public, however, the fact that the Secretary talked with the president along lines discussed at the regular cabinet meeting is admittedly of great significance. Meanwhile officials generally seem to be agreed that the big question under consideration in connection with the pending international developments was whether the United States should actively participate in any military demonstration which Japan might institute in Siberia. Most officials were enthusiastically in favor of such a course.

PETROGRAD AND MOSCOW CONTINUE DEFENSE PREPARATION

BELIEVED THAT MORE TROOPS CAME TO AID

State Department Hears That Ambassador Francis and Party Left Petrograd for Vologda on February 27

Special to The Democrat-Forum.

Copenhagen, March 1. — German forces south of Petrograd have renewed their attacks and advices from Petrograd told of fighting around Orsha. Apparently the Germans in the Orsha sector have been reinforced, but Petrograd reported that assaults there had been repulsed. Russians have continued preparations for defense at Petrograd and Moscow, while some of the Bolshevik leaders have renewed their demands for a "holy war" against the invaders.

The German advance against Petrograd apparently has been checked, according to information from that city today. The German war office claimed that operations on the eastern front were taking their normal course, although no claims of gains were made. So stiff has become the Russian resistance in the districts of Luga, Phokoff and Vitebsk that the Germans are moving heavy bodies of reinforcements to this front it is reorted today. German officers are said to be training bodies of Ukranian troops and will lead them into battle against the Red Guards. Along the northen frontier an Ugranian detachment of armed workingmen, Poles and Bolshevik troops, are putting up sturdy resistance and the strong German advance on Kiev may be brought to an end. It has also been decided to halt a number of women who have left Petrograd for the south to fight against the Germans.

Washington, March 1.—Ambassador David R. Francis, members of the military commission and American Red Cross representatives left Petrograd for Vologda on February 27, according to dispatches received by the state department today.

SELF DEFENSE

DEFEAT BACKACHE AND KIDNEY TROUBLE WITH ANURIC

Many people in Missouri, as elsewhere, have suffered from rheumatism and kidney trouble and have found Anuric to be the most successful remedy to overcome these painful and dangerous ailments.

The lucky persons are those who have suffered, but who are now well because they heeded Nature's warning signal in time to correct their trouble with that wonderful new discovery of Dr. Pierce's, called "Anuric." You should promptly heed these warnings, some of which are dizzy spells, backache, irregularity of the urine or the painful twinges of rheumatism, sciatica or lumbago. To delay may make possible the dangerous forms of kidney disease, such as stone in the bladder.

To overcome these distressing conditions take plenty of exercise in the open air, avoid a heavy meat diet, drink freely of water and at each meal take Anuric Tablets (double strength). You will, in a short time, find that you are one of the firm indorsers.

All druggists sell Anuric for 60c, or send Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., 10c for trial package.

ST. LOUIS, MO.—"My husband suffered with severe backaches and would be very restless all night long. He became irritable and looked very ill. Just a few days after he started to take Dr. Pierce's Anuric I noticed a marked improvement and he has not complained of any aches since."—MRS. ESTELL WELLS, 2904 N. 12th St.

KANSAS CITY, MO.—"Six months ago rheumatism settled in my left arm and shoulder. Long before that I realized that my kidneys were not in good working order. Dr. Pierce's Anuric has certainly done wonders. The pain has altogether left me and my kidneys have cleaned up in great shape."—MRS. E. G. HAYES, 3012 Independence Avenue.

OVER GRAHAM'S.

Wednesday, March 6th Is Trade Day at Our Place

On account of next week being National Implement Inspection and Repair Week, we have made arrangements to use our salesrooms for our friends to trade implements with each other.

Any man anywhere may bring any piece of machinery for which he has no further use and there will be some one here to buy it or trade him a machine for it.

This is in line with the National Thrift Campaign to make every piece of farm machinery "do its bit" to the utmost, and to relieve the excessive demands on the manufacturers.

We have a car of Titian 10-20 Tractors on the road which we believe will be here by that time.

Kitty Gordon Tonight.

In "Diamonds and Pearls," at the Empire theatre tonight, Kittie Gordon, the famous English beauty, wears the very latest and smartest of creations.

New York's suburbs are noted for the elaborate homes in which many New York millionaires live. Three homes of this character are seen in "Diamonds and Pearls," in which Kitty Gordon's emotional acting and superb beauty are seen to such splendid effect.

Probably no star of the first magnitude like Miss Gordon has been devoting more time since the outbreak of the war with Germany to entertainments for the American soldiers. Miss Gordon is one of the most popular stars to appear at the cantonments and she is always given a royal welcome.

Germany's greatest ally is the false belief in the United States that the war will be short. Face the grim facts. Prepare in your own home, in your business and in your community.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young — to do this you must watch your liver and bowels — there's no need of having a sallow complexion — dark rings under your eyes — pimples — a bilious look in your face — dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

This is a subject somewhat had to discuss, because almost everyone knows that we do our own meat cutting.

But we feel that we may be pardoned for saying that our experience has been sufficient to make us know how to cut meat.

You may be sure of getting just what you ask for here and be sure that it is cut in the best possible manner, so that you can get the most value for your money—so that it can be cooked and served to the best advantage.

There is considerable satisfaction in this, and though we have not mentioned it before, we are sure you will see the truth of the statement that properly cut meats are the most economical, and—

You Can't Rub It Away; Rheumatism is in the Blood

Liniments Will Never Cure.

If you are afflicted with Rheumatism, why waste time with liniments, lotions and other local applications that never did cure Rheumatism, and never will?

Do not try to rub the pain away, for you will never succeed. Try the sensible plan of finding the cause of the pain, and go after that. Remove the cause, and there can be no pain.

You will never be rid of Rheumatism until you cleanse your blood of the germs that cause the disease. S. S. S. has never had an equal as a blood purifier and scores of sufferers say that it has cleansed their blood of Rheumatism, and removed all trace of the disease from their system.

Get a bottle of S. S. S. at your drug store, and get on the right treatment to-day. If you want special medical advice, you can obtain it free by addressing Medical Director, 23 Swift Laboratory, Atlanta, Ga.

Meat and Patriotism

The Government says it is Thrift to make your purchases go as far as possible—and to do this it is economy to buy the best.

This is particularly true in the buying of meats—not getting the most, but getting full weight and efficient service you will find that a smaller quantity will be sufficient.

Economy can only be practiced through quality channels which in other words means to be economical—thrifty—patriotic.

When you observe meatless days you deserve the best when you DO eat meat.

We have lots of tasty things that go well on meatless days.

Kitchen Economy

Lies largely in having the utensils to do with.

Every woman is economical—that is every one who in any way superintends her own culinary department. Every woman knows how to buy to advantage — ask your grocer if she doesn't.

Every woman knows how to combine foods and how to eliminate waste — ask her husband.

But every woman doesn't have the modern utensils and machinery to do with. Almost every man has the modern necessities with which to do his work easier, better, quicker and more economically.

But many men forget that in this most important part of his business —the living part—he hasn't helped his partner by getting her the modern machinery to help her in her natural economy.

In this connection we might mention:

THE RULLMAN WASHER — THE COPPER CLAD RANGE — THE DETROIT VAPOR STOVE—PYREX AND ALUMINUM BAKING DISHES — ENAMEL KITCHEN WARE — KEEN KUTTER FOOD CHOPPER—KEEN KUTTER KNIVES AND SILVERWARE.

We have all these goods and they are the best articles on the market for the efficient and economical operation of the working department of the home.

Help your home manager to make her economy real and efficient by getting her all the necessary machinery to do with.
